**DEPARTMENT OF TRANSPORTATION**

**Federal Aviation Administration**

**14 CFR Part 71**

**[Docket No. FAA-2018-0322; Airspace Docket No. 18-AEA-12]**

**RIN 2120-AA66**

**Amendment of Class E Airspace; Williamsport, PA**

**AGENCY:** Federal Aviation Administration (FAA), DOT.

**ACTION:** Final rule.

**SUMMARY:** This action amends Class E airspace extending upward from 700 feet or more above the surface at Williamsport Regional Airport, Williamsport, PA. Airspace reconfiguration is necessary due to the decommissioning of Picture Rocks non-directional radio beacon (NDB), and cancellation of the NDB approaches. Controlled airspace is necessary for the safety and management of instrument flight rules (IFR) operations at this airport. This action also recognizes the name change to Williamsport Hospital Medical Center Heliport (formerly Williamsport Hospital). The title of this rule is changed to only show that we are amending Class E airspace extending upward from 700 feet above the surface with this rule. The Class D and remaining Class E airspace areas have been amended in a separate rulemaking.

**DATES:** Effective 0901 UTC, November 8, 2018. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of

Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.11 and publication of conforming amendments.

**ADDRESSES:** FAA Order 7400.11B, Airspace Designations and Reporting Points, and subsequent amendments can be viewed online at [http://www.faa.gov/air\\_traffic/publications/](http://www.faa.gov/air_traffic/publications/). For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue, SW, Washington, DC, 20591; telephone: (202) 267-8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11B at NARA, call (202) 741-6030, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

**FOR FURTHER INFORMATION, CONTACT:** John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, 1701 Columbia Avenue, College Park, GA 30337; telephone (404) 305-6364.

**SUPPLEMENTARY INFORMATION:**

**Authority for this Rulemaking**

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I,

Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends Class E airspace at Williamsport Regional Airport, Williamsport, PA, and Williamsport Hospital Medical Center Heliport, to support standard instrument approach procedures for IFR operations in the area.

### **History**

The FAA published a notice of proposed rulemaking (NPRM) in the **FEDERAL REGISTER** (83 FR 25967, June 5, 2018) for Docket No. FAA-2018-0322 to amend Class D airspace, Class E surface airspace, Class E airspace designated as an extension to a Class D surface area, and Class E airspace extending upward from 700 feet or more above the surface at Williamsport Regional Airport, Williamsport, PA.

Subsequent to publication, the FAA found that the name of Williamsport Hospital has changed to Williamsport Hospital Medical Center Heliport, and is corrected in this rule.

Also, we are not retaining the proposal as stated, and only going forward with amending Class E airspace extending upward from 700 feet above the surface at Williamsport Regional Airport. The previous amendments proposed in the NPRM have been executed in a final rule published August 3, 2018 (83 FR 38016).

Interested parties were invited to participate in this rulemaking effort by submitting written comments on the proposal to the FAA. No comments were received.

Class E airspace designations are published in Paragraph 6005, of FAA Order 7400.11B, dated August 3, 2017, and effective September 15, 2017, which is incorporated by reference in 14 CFR 71.1. The E airspace designations listed in this document will be published subsequently in the Order.

### **Availability and Summary of Documents for Incorporation by Reference**

This document amends FAA Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017. FAA Order 7400.11B is publicly available as listed in the ADDRESSES section of this document. FAA Order 7400.11B lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

### **The Rule**

This amendment to Title 14 Code of Federal Regulations (14 CFR) amends part 71 by amending Class E airspace extending upward from 700 feet or more above the surface at Williamsport Regional Airport to within a 12.6-mile radius of the airport due to the decommissioning of the Picture Rocks NDB, and cancellation of the NDB approach. The Williamsport Regional Airport ILS localizer is removed as it is no longer needed to define the boundary. Also, the name of Williamsport Hospital is changed to Williamsport Hospital Medical Center Heliport.

We have removed the amendments that were made for Williamsport Regional Airport noted in Class D airspace, Class E surface airspace, and Class E airspace designated as an extension to a Class D surface area, as they were addressed in a separate rulemaking (FR 83 38016).

### **Regulatory Notices and Analyses**

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

### **Environmental Review**

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5-6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

## **Lists of Subjects in 14 CFR Part 71**

Airspace, Incorporation by reference, Navigation (air).

## **Adoption of the Amendment**

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

### **PART 71 --DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS**

1. The authority citation for part 71 continues to read as follows:

**Authority:** 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959-1963 Comp., p. 389.

#### **§71.1 [Amended]**

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.11B, Airspace Designations and Reporting Points, dated August 3, 2017, and effective September 15, 2017, is amended as follows:

Paragraph 6005. Class E Airspace Areas Extending Upward from 700 feet or More Above the Surface of the Earth.

\* \* \* \* \*

#### **AEA PA E5 Williamsport, PA [Amended]**

Williamsport Regional Airport, PA

(lat. 41°14'30"N., long. 76°55'19"W.)

Williamsport Hospital Medical Center Heliport, Point In Space Coordinates

(lat. 41°14'51"N., long. 77°00'55"W.)

That airspace extending upward from 700 feet above the surface within a 12.6-mile radius of Williamsport Regional Airport, and that airspace within a 6-mile radius of the point in space (lat. 41°14'51"N., long. 77°00'55"W.) serving Williamsport Hospital Medical Center Heliport.

Is Issued in College Park, Georgia, on **August 28, 2018.**

**RYAN W. ALMASY,**  
**Manager, Operations Support Group,**  
**Eastern Service Center, Air Traffic Organization.**
